

TestUrSelf launched

According to New
Syllabus

**LEARN CONCEPT
THROUGH
QUESTIONS (LCTQ)**

INTRODUCTION:

LCTQ means Learn Concepts Through Questions, in this course variety of questions will be discussed covering all the concepts of the subject. No theory will be taught in this course, entire subject will be covered through questions.

- Online Lectures by India's Top Educators of their field.
- Complete Technical and Mathematics syllabus of GATE will be covered through most conceptual questions of each subject.
- Lectures will be focused on GATE and syllabus but will also be useful for other technical exams.
- Students can access from anywhere and from any device using our user friendly and evolving interface.
- Systematic sequence and structured curriculum for revision and study plan.
- Course Language : English, Hinglish (Hindi + English).
- Students can access offline also through our mobile's app.
- Students can attempt in test mode of those questions also.

FEATURES:

Attend Online Lectures

Interact with Subject Experts

Evaluate & Improve Through OTS

Review & Online Practice Sets

Systematics Subject Sequence

Structured and Exam Oriented

COURSE DETAIL:

Sr. No.	Sections	Approx Number of Lectures	Release Date
1	Metallurgical Thermodynamics	30	AUGUST 2020
2	Transport Phenomena and Rate processes	12	SEPTEMBER 2020
4	Physical Metallurgy	30	OCTOBER 2020
5	Mechanical Metallurgy	30	OCTOBER 2020
6	Manufacturing Processes	15	OCTOBER 2020
7	Mineral dressing and Extractive Metallurgy	15	SEPTEMBER 2020
8	Engineering Mathematics	18	OCTOBER 2020

We will also provide video solutions of previous year questions in details:

You can contact us for group discount at 8709271314!

■ We will cover only QUALITY Questions so don't think about that there will be less number of questions. And the most important thing is that we will cover all concept through these questions.

■ You will get unlimited practice sets of General Apti sections.

FAQS:

WHAT IS THE TEACHING METHODOLOGY OF LCTQ COURSE?

LCTQ Online course will have Good quality, Conceptual and Important questions being solved by expert & renowned teachers and while solving the questions basic concepts involved in questions will be explained in specific way to help students in learning and revising the particular subjects in an unique focus way. The question selection would be done extremely judiciously to cover all important concepts of every subject. The special tricks, shortcuts and unique methods will be explained while teaching/solving the questions.

WHAT WILL TAKE THE LCTQ CLASSES AND WHAT WOULD BE THE LANGUAGE OF TEACHING?

Classes will be taken by the special expert renowned faculty of TestUrSelf who are highly experienced and possess unique knowledge & expertise. This language or medium of instruction would be in Hinglish (Hindi +English). We will deal the course mostly in English.

IS THIS COURSE IS ALSO SUITABLE FOR FRESHERS?

This course is suitable for any student who have covered the syllabus at least once either in college or in coaching classes or with self-study. The basic aim of this course is to improve & build the concepts, clear the doubts and give exposure to tricky conceptual and important questions which will surely help in securing good marks and a better rank in the competitive exams. This course will help students to study and revise the syllabus in a very systematic manner.

WILL THE LECTURES IN ONLINE LCTQ COURSE BE LIVE OR RECORDED AND HOW MANY TIMES LECTURES CAN BE WATCHED?

The lectures of LCTQ will be freshly designed and specific to GATE 2021 exams which will be delivered on recorded mode so as to provide smooth flow and best utilisation of time. Every day new lectures will be activated at fix schedule. Already activated lectures will remain available in portal to view 24x7 till the date of GATE 2021 Exam. Each video can be seen 5-6 times.

WILL THERE BE ANY DOUBT CLEARING FACILITY?

Since the course design is such that the questions under discussion will be very well explained and hence there may not be need of further doubt solving but if any further support would be needed then TestUrSelf Team will provide support as per availability of teachers/experts.

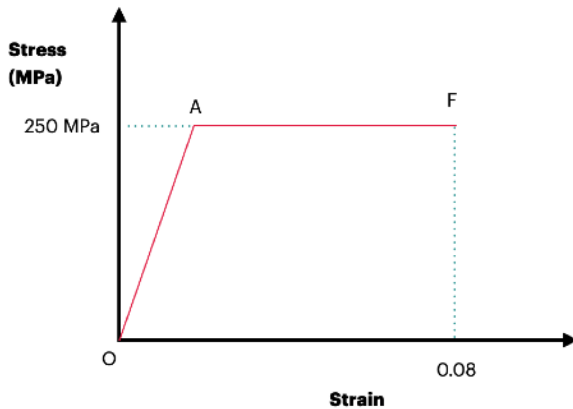

ONLINE TEST SERIES (OTS):

TestUrSelf Online Test Series contains quality questions designed by experienced and knowledgable faculties. Evaluate Urself & compare Ur performance with top performers of TestUrSelf.

SAMPLE OF QUESTIONS:

A bar of length 1.0 m is made of structural steel having stress-strain curve as shown in figure:

The yield stress of steel is 250 MPa and the slope of initial curve (OA) is 200 GPa. The bar is loaded axially until it elongates by 1.5 mm and then the load is removed. If behaviour of materials is elasto-plastic, then find the value of

1. final length of bar after unloading.

2. modulus of Resilience

3. modulus of toughness.

We can learn so many concepts through this questions as:

- What is loading-unloading behaviour in stress-strain curve?
- What is the meaning of deformations?
- What is the yield stress of materials?
- The stress-strain curves for different types of materials.
- What is the meaning of elasto-plastic behaviour?
- What is the difference between modulus of resilience and resilience?
- What is the difference between modulus of toughness and toughness?

Solution: To know the solution of all these questions visit our website or our YouTube channel.

Digital Study Materials:

Learn-Practices-Support

You don't need to follow any books after subscribing TestUrSelf's digital study materials:

We are going to update it according to new syllabus!

Section Name	No. of Lectures	No. of Practice Set	No. Of Quiz	Starts From
Thermodynamics and Rate Process	20	20	20	Live Now
Physical Metallurgy	15	15	15	Live Now
Mechanical Metallurgy	15	15	15	Live Now
Manufacturing Processes	15	15	15	Live Now
Extractive Metallurgy	5	5	5	Live Now
Engineering Mathematics	7	7	5	Live Now

We will provide you a "TestUrSelf complete guide" for GATE Exam. In that booklet, you will get everything to get good rank in the exam.

Our Packages:

3 Types of packages:

Learn Concept through Questions (LCTQ)
Without GATE 2021 Online Test Series

Branch:
MT

Batch Timings
24*7
Validity
1st Jul 2020-7th Feb 2021

[Detail](#) [Buy Now @ Rs 10999/-](#)

Learn Concept through Questions (LCTQ)
With GATE 2021 Online Test Series

Branch:
MT
